length, has large beer belly, wearing
dirty jeans and pattern type shirt with
tails out, full 3" beard

Suspect #2

WMA, 5-8, 160, Black curly hair, desc as
being in rinds, apprx 25 yrs in age.
Also wearing dirty jeans and pattern
type shirt with tail out

Evidence:

See Detective Garms Supp. to this report

At 1944 hours on this date I was dispatched to the corner of Hopkins and Spring to the green house on the corner on a report of a burglary. Upon my arrival at that location I contacted the victim and witness #1. Witness #1 explained to me that the victim had come home at approx. 5PM and had found the two above described suspects in her house in the upstairs portion. Witness #1 stated that the suspects then proceeded to threaten the victim with a half of a pair of scissors and a broken drinking glass with the object of gaining money. The witness stated that the victim did finally give them two hundred dollars in cash.

I interviewed the victim who was quite shaken up and she essentially confirmed the story given to me by witness #1. The victim also stated that she had been raped. The victim stated that she had taken a shower after the rape. At that time I did secure the crime scene with the help of Deputy Bruce Gordon of the Pitkin County Sheriff's Office and transported the victim to AVH and notified the Detective Division, specifically Detective Sgt. Garms, of the situation. Detective Sgt. Garms then responded to AVH and assisted in the investigation.

Detective Chandler also responded to the Hospital and interviewed the victim in grated depth. Detective Sgt. Garms, Detective Rodgers and this Officer went back to the residence with the view to investigate the crime scene. At residence Detective Rodgers and I made a neighborhood door to door survey for the persons who had seen any suspicious vehicles or persons in the area with negative results. I then assisted Detective Sgt. Garms and Detective Rodgers in gathering physical evidence at the scene and left the scene at approx. 224 hours.

During the time that I was providing security at the crime scene before the arrival of Detective personnel I did contact witness' #2,3,4,5, &6. who live in the area. They stated that they had not seen anything suspicious during the day. Witness #6. Patrice Becker, stated that yesterday there had been an electrical worker in the house who slightly fitted the description of the first suspect.

INCIDENT REPORT

Aspen Police Department

Pitkin County Sheriffs Department

CASE NUMBER 74-2387 SUPP

CASE NUMBER _____

CASE HEADING Burglary, rape, armed robbery

REPORTING OFFICER D. Garms

DATE & TIME OF INCIDENT 18 Oct 74, 1700

DATE & TIME OF REPORT 10 Jan 75, 1600

PLACE OF INCIDENT 700 E. Hopkins apartment in rear of main residence

~~XXXXXXXXXX~~

VICTIM:

Jane BLACK
DOB 7-25-50

STOLEN PROPERTY:

approx. \$200.00 in cash

WITNESSES:

see attached list

SUSPECTS:

see original

On 18 Oct 74, I was contacted at my home by the dispatcher at APD and was advised that there was a rape victim at Aspen Valley Hospital. At this time I responded to AVH.

Upon arrival at AVH I made contact with 22 year old Jeffrey Michael DAVIS (spelling of last name on original report is incorrect.) His place of birth is Littleton, New Hampshire and he was employed by V and S Construction. At this time I briefly interviewed this subject and he advised me that he had arrived at his home, which is the place of incident, at approximately 7:00 p.m. and saw a pocketbook belonging to his girlfriend, the victim, torn apart on the table. At this time he advised that he went upstairs, and upon arrival at their mutual bedroom, he ~~was~~ the victim lying face down on the floor next to and to the left of the bed, as he entered the door. He also noted at that time that there was broken glass all around her. He stated that he approached her and tried to help her get up at which time the victim immediately became hysterical. He advised that the victim at that time was wearing a blue denim shirt with the full length of the front torn out and underpants which were torn in the crotch. He noted that the victim's Levi's were on the foot of the bed and that they weren't torn.

When I asked the witness if the the room had been ransacked he advised that it had and when I asked the witness what articles in the room he had touched (in reference to fingerprints). The witness advised that he had touched the lamp to turn it on and that was all. He further stated at that time that he gave the victim a drink of orange juice from the refrigerator after he had helped her downstairs. He advised that at that time they talked about it approximately 10 minutes and that the victim did not want to call the Police, but that at approximately 1944 hours the witness called the Police anyway.

At this time I made contact with the victim, Jane BLACK, who at that time was a patient of Dr. McMillan and acquired the following description of suspects #1 and # :

SUSPECT #1:

C/M, 6-2, 200 plus lbs., dark brown

straight hair (collar length), 25-30 yrs., with a full 3" beard. Ruddy complexion ("heavy pores"), dirty Levi's, light colored checkered shirt. Deep voice, wore shirt outside of pants and also wore a medium blond cordoroy shirt/jacket that looked as if it were new but dirty.

SUSPECT #2:

5-8, 150 lbs., 25-30 years, Dark, curly messy hair (almost in ringlets), clean shaven (maybe fresh shaven), light colored plaid shirt worn outside the pants, old dirty Levi's, no accent.

At this time this description was aired to the other vehicles on the street, along with the Colorado State Patrol and Glenwood Springs, Basalt, and Carbondale Police Departments.

At this time Detective Chandler was assigned to stay at the hospital in order to more fully interview the victim, while Detective Rodgers and I proceeded to the scene of the crime which had previously been secured by Officer Roberts. Upon arrival there Officer Roberts explained the basics of the situation that the victim had come home, startled two of the above described suspects rifling her room. At that time they overpowered her, threatened her with a pair of scissors, and a broken glass, assaulted her physically and at this point it was questionable whether they had assaulted her sexually.

At this time the following evidence was seized from the house and the crime scene: 1) a blue shirt, torn down the front belonging to the victim and being worn by the victim at the time of the attack, 2) woman's underpants, torn in the crotch, also worn by the victim at the time of the attack, 3) a green plastic box (being held for prints, 4) a cardboard box (being held for prints), 5) property from the victim's purse: 1 employee's I.D. card, CO operators license, a small quantity of suspected illegal narcotics (whites), 6) Levi's worn by the victim at the time of the attack, 8) 7) a cardboard box (held for prints), 8) four bottles of vitamins (held for prints), 9) 1 empty bottle of Brandy, Paul Masson, allegedly handled by the suspects to be held for prints, 10) one book, "The Joy of Sex" (which had allegedly been handled by the suspects and is to be held for prints).

Since the victim was unconscious when the suspects vacated her residence, she did not get any kind of a description of an automobile, but did state that she felt that these people were not from around Aspen.

During a subsequent investigation, I received information from one Robert Stewart TEMPLE, C/M, DOB 3-3-56, whose residence is Taylor Creek Cabins #2, Basalt, P.O. Box 8545, Aspen, CO 81611. No phone. that at or about the time of the armed robbery and attack in Taylor Creek Cabins #1 there lived two C/MS, #1 who he described as:

6-2, 220, shoulder length brown straight hair with a full beard, a slight "beer gut", and a gravelly voice, hair parted on the right.

#2 C/M, 5-9, 160 lbs, blondish hair, and cordoroy tan pants.

He stated at this time that he did not know who these people were,

but that two girls who were also living there by the names of Pat and Susie, were friends of these two subjects. He further advised that these subjects drove a light colored pick-up with sideboards and CO plates. The two suspects may have moved out on or about 21 Oct 74. Further investigation revealed that one Robert CARY, owner of the Taylor Creek cabins in Basalt, home phone # 927-3511. had information as to the identity of "Pat and Susie". After finally making contact with Mr. CARY, I found that Pat's name was Pat REYNOLDS, who had since moved to Missouri Heights, location unknown, and the other girl was only known as "Space Shot Susie" who now is reportedly living in a tepee somewhere, location unknown.

Soon thereafter, I spent a day canvassing Missouri Heights in an attempt to make contact with one Pat REYNOLDS and finally located the house in which she was living, and ascertained from her roommate that she had in fact lived in the Taylor Creek Cabins, and that she had moved out on the 20 Oct 74. Further, that she had rented the place through Paul Adam Realty, that she was described as follows.

WITNESS:

Pat REYNOLDS, 5-5, 120 lbs., thin build,
shoulder length black hair
med. complex, 22-23 yrs.

Further, Susie was described as 5-4, 140 lbs., dirty blond hair, generally dirty in dress and was about 19 -20 years old. The above information was obtained on 6 Nov 74 when I went to Missouri Heights and the house in which she was located was the Lamont KINKADES house in Missouri Heights which he rents out to various transients. I further ascertained at that time that she worked at the Stagecoach Inn nights, and that she at that particular time was in Silverton and would be until the end of November sometime.

At that point I contacted the bookkeeper at the Stagecoach Inn, Gwen ACKERMAN, who allegedly knows Pat REYNOLDS and advised that Pat was no longer employed with the Stagecoach Inn, but that she was living with a friend by the name of Tom somewhere in Carbondale.

During the next couple of weeks I ascertained that the person by the name of Tom was in fact Tom PATTERSON, whose residence is in Carbondale and who's phone number is 963-3547 and on 3 Dec 74 for the first time I attempted to contact Pat REYNOLDS by phone at that above named phone number and received no answer. Other attempts have been made by phone on 8 Dec 74, 10 Dec 74, 15 Dec 74, 19 Dec 74, 20 Dec 74, 26 Dec 74, 28 Dec 74, 2 Jan 75, 3 Jan 75, 5 Jan 75, 9 Jan 75, and 10 Jan 75.

On 10 Jan 75, I made telephonic contact with Chief YOKUM of the Carbondale Police Department, 963-2662, and gave him a description and name of Pat REYNOLDS and a brief background of her and the case and her relationship thereto and he advised that he would attempt to contact her at the Thomas PATTERSON residence and set up an appointment for an interview with me.

NOTE: It should be noted as I have neglected to note previously that according to Dr. McMillan there were no signs of semen on the inner vaginal walls or the uterin walls of the victim which suggests that since she blacked out before the time which she thought she was raped, that she merely concluded that she was raped and that in fact she probably was not raped.

The victim had been shot twice in the top of the head with a .380 cal. automatic pistol.

The body was taken to the Utah State Medical Examiner for Autopsy. The victim was described as being between 35 to 40 years of age. With short light brown hair, with a small amount of gray in it. Approximately 5ft. 3 in. to 5 ft. 5 in. tall. The only clothing she had on was a brassier, size 34-A. Sears Roebuck brand. There was no jewelry.

The victims dental chart is as indicated below.

Body appears to be white,
middle aged female.

White/Light Blue in color with bubble vent in top, yellow curtains in rear window.

Missing Person last seen at her San Bernardino home during the day of 6-28-75, Saturday. The M/P's nephew had been visiting her since Friday, 6-27-75, and during the evening Friday, the nephew telephoned his parents in Berryville, Arkansas, from M/P's home.

The nephew's van was last seen at 0200 hours on Saturday but was not seen during the day of Saturday when the M/P was last seen. The nephew was seen moving from his Colorado apartment on 7-1-75 and has not been seen or heard from since.

Neighbors in the area of the M/P's home heard a woman screaming for help at 0320 hours either Saturday or Sunday. The M/P's home was secure but in a manner which indicated she would return shortly. There were no signs of violence within the home.

M/P and nephew's van entered on APB and SVS computer. Attached are photos of M/P, nephew and van similar to that driven by the nephew.

Any information for Raymond B. Rucker, Chief of Police, San Bernardino. Refer Sgt. H. Krause, Homicide Detail, telephone (714) 383-5011, Ext. 66. File No. 75-58063.

PLEASE ADDRESS ALL CORRESPONDENCE TO CHIEF OF POLICE

Text (include prima facie case, how offense was committed, particular circumstances)

Officers Johns and Smith responded to a possible 10-0 situation on the Sopris Creek road, June 17, 1975, at approx. 2300 hrs. When we arrived C.S.P. Officer Martfeld and another C.S.P. officer were on hand as a possible back-up units. They also explained the situation. Complainant stated that he approached suspect's house at approx. 2330 hrs. in reference to his girlfriend who was possibly in the house. Complainant approached the house with a slipper that his girlfriend had lost earlier in the evening when they had a fight. Complainant stated the Suspect met him at the door, Suspect told Complainant to leave and while Complainant was complying with this request Suspect shot three times at him with a pistol, hitting him in the pants' leg one time. Officer Johns and Smith requested U/S Quick come to our location for supervision of the matter. Undersheriff Quick took over on his arrival, called Cpl. Addie, who was instructed to call Suspect's house and have Suspect come outside. When Smith and I first arrived Complainant stated Suspect to be either drunk or on dope or very deranged. With that information U/S Quick was asked to come and take over. We approached the house and after a couple of minutes Suspect BOB GASSMAN came out of the house with his hands up. We approached him, searched him, and found him to be in complete control of his senses. Suspect was questioned at length as to what occurred. Suspect stated (refer Statement attached to Report) that he had in fact fired the pistol but only into open field next to his house. After talking at length with Suspect, Suspect's wife, and Complainant's girlfriend we called Deputy D.A. Barry Bryant and he told us instead of an arrest to have all parties involved to come to D.A.'s Office at 0900 hrs., 6/18/75.

U/S Quick and I returned to where Complainant was on the road and tried to explain situation to Complainant. Complainant became very riled and would not listen to U/S Quick. We requested he give us his blue jeans as evidence but he refused to do so. He also stated he would not come to D.A.'s Office the following morning. Complainant also became violent and stated he was going to get a gun and start shooting in his pasture.

Re: Caryn Campbell case
Our Case #: 75-0073

Background information: W/T/A, one Caryn Hilene Campbell age 23 years, 5' 5", 112 lbs. was reported missing on Jan. 12, 1975, Willow Inn, West Village, Aspen, Colorado by her boyfriend, Dr. Raymond Gadowski. Victim Campbell, and Dr. Gadowski were together downstairs in the inn, prior to her disappearance. Victim Campbell, went up to their room, #210, to retrieve a magazine. Victim was seen exiting from the elevator on the second floor, walking toward room #210. Victim was not seen again.

On Feb. 17, 1975, a nude female body was discovered on rural Owl Creek Road approx. two and one half (2 1/2) miles from the Willow Inn, West Village, Aspen, Colorado. The body had been dumped over an embankment from the roadway and was covered with snow. The body had apparently been dragged from its original resting place by animals. The body was subsequently transported to Denver, Colo. for autopsy, and identified as that of the victim, Caryn B. Campbell.

On Feb. 26, 1975 a 1975 Ford Maverick, rented by an associate of Ms. Campbell and Dr. Gadowski, while in West Village, was secured and examined by Det. Sgt. R. D. Kralick. Certain items secured as evidence are being forwarded to the F.B.I. Laboratory for examination.

Examination of these items at your earliest convenience will be sincerely appreciated.

Very truly yours,

Carrol D. Whitmire, Sheriff

Dear Sir:

Please find enclosed the evidence described below:

Item:

1. one (1) piece of chrome metal stripping
approx. 27 $\frac{1}{4}$ " in length by 5/8" in width.
a piece of white tissue paper, approx.
4 $\frac{3}{4}$ " in length, is wrapped around and
taped to one end, under which exists a
small brown in color stain. A Pitkin
County Sheriff's Department evidence tag
is affixed to this item.

We respectfully request that you make the following examination. Please be assured that this item, has not, nor will it be, examined by any other person or agency for the purpose of expert testimony in court.

Examine item # 1. for the purpose of determining if the stain that exists thereon, is human blood. Should this be the case, please attempt to determine the blood type. Upon completion of your examination, please return this item to the Pitkin County Sheriff's Department.

(see the following page for background information)
